

Neighbourhood Houses Tasmania (NHT) have negotiated a heavily discounted group rate to support Neighbourhood Houses across the state.

Services offered by RA Tas include:

Counselling

which can support your workers to perform well in their job. This can be done in RA offices, your office, over the phone or even Skype.

Professional Supervision

As a community worker you use the services of another experienced and qualified worker to reflect on your work with the community and develop new perspectives on how to get on with that work. Supervision also considers the ethical professional development and often the personal development, of the worker.

Group Supervision

RA have already been working with NHT and have conducted group supervision with a group of Neighbourhood House volunteers and staff to think through some difficult situations they have been dealing with, This can be a great way to debrief, learn from experiences and come up with new ways of working together

Other Services

RA can also assist your House in team building, conflict resolution and critical debriefing. RA also offers a range of workshops on issues such as depression, addiction and financial counselling.

What will it cost?

Supervision	\$80 per hour
Counselling	\$80 per hour
Group Supervision	\$130 (max 8)
Conflict resolution	\$130 per hour
Mediation	\$150 per hour

Education and Training days—topic as required by you. Price negotiated.

This is a great offer at reduced rates. From the phone calls received by NHT and the crises that happen in Houses we know that we must put these sort of arrangements in place to support our staff and volunteers. External supervision helps you to think through the challenges of your role. Preventing burn-out and people working more effectively in your organisation saves money.

NHT strongly urges each House to take up this offer by calling RA and signing the MOU around this, which doesn't commit you to any financial spend but sets up their system to be ready to respond to you/your staff when needed.
